

in the Community

Cox is pleased to inform you of a new fundraising opportunity for your organization.

It's the
"Cox in the Community"
fundraising program.

From September 7, 2009 through February 28, 2010,
Cox will donate \$25 to your group
for every new subscriber you or your club members obtain!

**This is our way to help you raise needed funds for your organization.
And it's easy to participate...**

- Call (757) 222-8393 to request a kit with information on how your members can help raise funds for your group or request a speaker who can review the program with your group
- For every new service sold to a new or existing customer, the organization gets \$25
- Up to \$75 per new Cox subscriber can be earned!

Cox is your partner in the community! Already, we participate in a number of activities in the region, donating many services to area schools and the like. This program is just one more way for us to get involved in the community.

Get involved today! This is a limited time opportunity!

Note: This program only applies to new lines of service activated with Cox Communications during the program dates. To be eligible for this program, potential new customers must not have disconnected service with Cox within the last 30 days. Other restrictions apply.
